THE SUPPORT

- Increased surface area to support the box spring
- 3 square tube cross bars
- Top AND bottom steel securing brackets to ensure stability

THE SAFETY

- Recess design adds extra toe room
- Eliminates the need to clean under the bed
- Triple thick wrapped corner panel with no edge wrap exposed

THE EASE OF ASSEMBLY

- The easiest and quickest assembly significantly reduces installation time
- Only 4 screws needed for assembly
- No wing nuts and no extra hardware needed

THE DESIGN

PATENTED: U.S. Patents Nos 6,865,758 B2 and 7,155,762 B2 and 7,861,339 B2

THE FINISH

Coffee powder coat finish

THE VERSATILITY

Available in 6", 7.5" and 10" height
