

The 72 Arched Folding Metal Crib

Simply elegant arched end panels give room charm.

Heavy Duty Double wide locking casters.

Conveniently folds to be out of the way when not in use.

The 72 Arched Folding Metal Crib

Our popular sturdy arched metal crib gets the folding treatment to save space when it's not in use. Comes assembled, all that needs to be installed are the included heavy duty double width casters, of which two are locking. 3" Mattress is included with this crib.

- Dual fixed sides keep the crib sturdy when in use.
- Single level postureboard for increased safety.
- Included foam bumpers help protect doorways and other furniture when moving the crib.
- Meets new C.P.S.C 16 CFR 1220 standards for non-full size cribs.
- ASTM 2710 for Commercial Cribs
- JPMA Certified
